Cub Scouts Meet Here at Hamilton Elementary and in Your Subdivisions!

Cub Scouting means "doing." Everything in Cub Scouting is designed to have the boys doing things. Hamilton Elementary enjoys one of the largest, most successful Scouting Programs in one of the largest, most successful areas (the Big Cypress District of the Sam Houston Area Council). Your boys will do and learn more through Scouting than most other activities, combined.

Activities are used to achieve the aims of Scouting—citizenship training, character development, and personal fitness. Many of the activities happen right in the den and pack. The most important are the weekly den meetings and the monthly pack meetings. Fun events in our community include Pool Parties, Ice Cream Socials, Bowling Parties, the famous Pinewood Derby, the "Cake Bake," a "Blue & Gold" Banquet celebrating Scouting and much, much more. Events further out include several camp outs at nearby federal, state or scout camps, "go and see it" learning events and "Cross Over" or "Arrow of Light" advancement/graduation ceremonies. Participate in as many as you are able.

Scouting is only as demanding as your son demands.

Apart from the fun and excitement of Cub Scout activities, the Cub Scout Promise, the Law of the Pack, and the Cub Scout sign, handshake, motto, and salute all teach good citizenship and contribute to a boy's sense of belonging. Events such as the annual Popcorn drive, a Food Drive benefitting needy families, community projects and others will develop your son's self-confidence and understanding of personal and social responsibility.

Join Us in Cub Scouting! Scouting is fun. Your scout's development will be guided by his "Akela" – an adult leader-volunteer. Akelas holding formal Pack leadership roles where they will interact with your Cub Scout must complete Scouting applications, pass a background check and complete designated Youth Protection Training – all in addition to becoming proficient through additional training in their designated areas of responsibility.
